

Discussion and self-evaluation

	Always	Sometimes	Never
1. I take jewellery (rings, bracelets, long earrings) of before field work			
2. I use hand disinfection before entering a herd			
3. I use gloves when in contact with body fluids and medication			
4. I use hand disinfection after a herd visit			
5. I put used coat/overall in a wash bag in the car after each herd visit			
6. I use plastic apron when handling dirty washing at work			
7. I change protective coat/overall between each farm			
8. I clean used equipment between each farm			
9. The boots are cleaned and standing in a bason with disinfection in the car between herd visits			
10. I use the protective clothing and boots provided by the farm when possible			
11. Clean equipment and clean clothing/coats are kept separate from dirty ones at the station.
